## Brief Introduction

TAICENN TPC-PC215S series is a high performance, Fan-less designed, enhanced stability and reliability industrial 21.5-inch Touch Panel PC product. It adapts Intel Skylake I3-6100U/I5-6200U/I7-6500U processor. TPC-PC215S series storage can support 2.5" SATA and mSATA interface, HDD or SSD. The design uses a multi-point (10- points) projective capacitive touch screen (Optional with high-temp. five-wires resistive touch, or No touch), and it can fulfill front panel NEMA/IP65 dust-proof and water-proof standards.

The TPC-PC215S uses full-sealed box construction, and it can prevent dust from entering the device system.

The TAICENN TPC-PC215S is compatible with Win7, Win8, Win10, Linux OS, and it also has a good compatibility with customized applications and software programs.
